

**Half Yearly Compliance Report
2025
01 Jun(01 Oct - 31 Mar)**

Acknowledgement

Proposal Name	Redevelopment of Railway Operational Facilities & Amenities in Dharavi Notified Area , Mumbai				
Name of Entity / Corporate Office	DHARAVI REDEVELOPMENT PROJECT PRIVATE LIMITED				
Village(s)	Greater Mumbai (M Corp.)				
District	MUMBAI SUBURBAN				
Proposal No.	SIA/MH/INFRA2/466144/2024	Category	INFRA-2		
Plot / Survey / Khasra No.	N/A	Sub-District	Greater Mumbai		
State	MAHARASHTRA	Entity's PAN	*****2612A		
MoEF File No.	21-319/2024-IA.III	Entity name as per PAN	DHARAVI REDEVELOPMENT PROJECT PRIVATE LIMITED		

Compliance Reporting Details

Reporting Year 2025
Remarks (if any)
Reporting Period 01 Jun(01 Oct - 31 Mar)

Details of Production and Project Area

Name of Entity / Corporate Office DHARAVI REDEVELOPMENT PROJECT PRIVATE LIMITED

	Project Area as per EC Granted	Actual Project Area in Possession
Private	25174.3	25174.3
Revenue Land	0	0
Forest	0	0
Others	0	0
Total	25174.3	25174.3

Production Capacity

Sr. no	Product Name	units	Valid Upto	Capacity	Production last year	Capacity as per CTO
1	Proposed Built up area	Square per Meter(SQM)	N/A	136874.73	0	

Conditions

Specific Conditions

Sr.No.	Condition Type	Condition Details
1	MISCELLANEOUS	PP to Obtain IOD/IOA/Concession Document /Plan Approval or any there form of document as applicable clarifying its conformity with local planning rules and provision as per the circular dated 30.01.2014 issued by the Environment Department ,Govt. of Maharashtra showing all required RG area as per prevailing Hon ble Supreme Court Order.
PPs Submission: Complied Dharavi Redevelopment Project Slum Rehabilitation Authority issued in principal approval no.: SRA/DRP/ENG/File no. 500-IV/985/2024 dated 6/08/2024		Date: 01/12/2025
2	MISCELLANEOUS	PP to obtain following NOCs and remarks where ever applicable: (a) Water supply; (b) Sewer connection; (c) SWD NOC; (d) CFO NOC; (e) SWM/C and D NOC; (f) Aviation NOC; (g) HRC NOC (h) Tree NOC.
PPs Submission: Complied All the NOCS are attached.		Date: 01/12/2025
3	MISCELLANEOUS	PP to ensure to provide 40 percentage area of the proposed STP open to sky specifically all mixing unit and aeration tank must be kept open to sky.
PPs Submission: Agreed to Comply STP capacity: 648KLD with MBBR Technology Ventilation 40 percent open to sky STP Plan and Section is attached as an Annexure-V.		Date: 01/12/2025
4	MISCELLANEOUS	PP to provide basement ventilation along with air cleaning system and include cost of basement ventilation and air cleaning system in the EMP and accordingly submit revised EMP of operation phase.
PPs Submission: Agreed to Comply EMP costing towards Basement Ventilation along with Air cleaning system is; a) Construction Phase: Rs. 5186.66Lacs b) During operation phase; Capital cost: Rs. 5186.66 Lakhs and O M: Rs. 116.09 Lakhs per Annum		Date: 01/12/2025
5	MISCELLANEOUS	The concern planning authority shall not issue occupation certificate unless PP obtained all necessary NOC's from the competent authority.
PPs Submission: Being Complied Noted and will be complied		Date: 21/11/2025
6	MISCELLANEOUS	PP to obtain nallah remarks from the competent authority; PP to preserve the nallah passing through their plot and plant thick vegetation of native species having minimum width of 3 meters all along the both sides of the nallah.
PPs Submission: Agreed to Comply Copy of Nallah Remarks is attached as Annexure-VI.		Date: 01/12/2025
7	MISCELLANEOUS	PP and the planning authority shall ensure that, the construction and demolition waste (C and D waste) is collected and treated at designated places as per Construction and Demolition Waste

		Management Rules, 2016 amended from time to time.
PPs Submission: Being Complied Agreed to Comply		Date: 21/11/2025
8	MISCELLANEOUS	PP to provide 25 percentage of e-charging station of the total parking numbers
PPs Submission: Agreed to Comply Total 189nos. EV charging points have been provided.		Date: 01/12/2025
9	MISCELLANEOUS	PP to obtain NOC/permission from the competent authority of the railway department.
PPs Submission: Agreed to Comply Yes we will obtain NOC/permission from the competent authority of the railway department		Date: 01/12/2025
10	MISCELLANEOUS	PP to provide minimum 5 percentage Miyawaki garden in the proposed development.
PPs Submission: Agreed to Comply RG required is 3776.15 sqm (15 percent of plot area) RG provided on Mother Earth: 3864.10sq.m. No. of trees to be planted is 179nos. Landscape plan is attached as Annexure VII.		Date: 01/12/2025
General Conditions		
Sr.No.	Condition Type	Condition Details
1	GREENBELT	PP has provided mandatory RG area of 3776.15 m2 on mother earth. Local planning authority to ensure the compliance of the same.
PPs Submission: Agreed to Comply RG required is 3776.15 sqm (15 percent of plot area) RG provided on Mother Earth: 3864.10sq.m. No. of trees to be planted is 179nos. Landscape plan is attached as Annexure VII.		Date: 01/12/2025
2	Statutory compliance	PP Shall comply with Standard EC conditions mentioned in the Office Memorandum issued by MoEF and CC vide F.No.22-34/2018-1A.III dt.04.01.2019
PPs Submission: Being Complied Agreed to Comply		Date: 21/11/2025
3	WASTE MANAGEMENT	Arrangement shall be made that waste water and storm water do not get mixed. .
PPs Submission: Agreed to Comply Separate arrangement has been made for the disposal of storm water and drainage management. Disposal of storm water will be in storm drain near site and excess treated water will be disposed in sewer line near site.		Date: 21/11/2025
4	ENERGY PRESERVATION MEASURES	PP to achieve at least 5 percent of total energy requirement from solar/other renewable sources.
PPs Submission: Agreed to Comply Agreed to Comply 5 percent saving through Solar will be provided. Provision of Solar PV system at roof top . Solar terrace details is attached as an Annexure-VIII.		Date: 02/12/2025

5	WASTE MANAGEMENT	The solid waste generated should be properly collected and segregated. Dry/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material.
PPs Submission: Agreed to Comply During Operation Phase, Segregation of biodegradable (825 kg/day) and nonbiodegradable garbage (1243 kg/day), Segregated garbage will be disposed through authorized recyclers. Wet waste will be treated in 900kg/Day organic Waste Composter (OWC).		Date: 21/11/2025
6	MISCELLANEOUS	SEIAA after deliberation decided to grant EC for FS1-71,107.30 m2, Non FSI-64,325.71 m2 and total BUA-1,35,433.01 m2. (Plan approval No. SRA/DRP/ENG/File No. 500-IV/985/2024 dated 06.08.2024). (FSI Restricted as per approval
PPs Submission: Complied Noted.		Date: 21/11/2025
7	WASTE MANAGEMENT	Arrangement shall be made that waste water and storm water do not get mixed.
PPs Submission: Complied Separate arrangement has been made for the disposal of storm water and drainage management. Disposal of storm water will be in storm drain near site and excess treated water will be disposed in sewer line near site.		Date: 21/11/2025
8	WATER QUALITY MONITORING AND PRESERVATION	The ground water level and its quality should be monitored regularly in consultation with Ground Water Authority.
PPs Submission: Agreed to Comply NO extraction of ground water for any purpose		Date: 21/11/2025
9	WATER QUALITY MONITORING AND PRESERVATION	Fixtures for showers, toilet flushing and drinking should be of low flow either by use of aerators or pressure reducing devices or sensor based control.
PPs Submission: Agreed to Comply Yes, Water efficient fixtures with low flow rates are incorporated in designs and will be used during operation phase.		Date: 21/11/2025
10	WATER QUALITY MONITORING AND PRESERVATION	Permission to draw ground water for construction of basement if any shall be obtained from the competent Authority prior to construction/operation of the project.
PPs Submission: Agreed to Comply No extraction of ground water for construction/operation phase also we are not planning to withdraw ground water for any purpose in future, hence permission from CGWA is not applicable		Date: 21/11/2025
11	ENERGY PRESERVATION MEASURES	The Energy Conservation Building code shall be strictly adhered to.
PPs Submission: Agreed to Comply We confirm to adhere to ECBC code Energy saving using LED lights in staircase lift lobby and common area lighting LED Tubes for Stairs and Stores MEP Rooms Toilets Lobbies with Timer Based Controls Energy saving by Efficient Equipments BEE star rated equipments for flat shop area and amenity load Energy Efficient Lifts with VVVF Lift Drive Using high efficiency motor for Pump OWC and STP load Provision of 5 percent Solar PV System at roof top.		Date: 21/11/2025
12	MISCELLANEOUS	PP to keep open space unpaved so as to ensure permeability of

		water. However, whenever paving is deemed necessary, PP to provide grass pavers of suitable types and strength to increase the water permeable area as well as to allow effective fire tender movement.
PPs Submission: Agreed to Comply Agreed to Comply		Date: 02/12/2025
13	WASTE MANAGEMENT	Any hazardous waste generated during construction phase should be disposed of as per applicable rules and norms with necessary approvals of the Maharashtra Pollution Control Board.
PPs Submission: Agreed to Comply There is no generation of hazardous waste at site till date and if generated shall be disposed as per the applicable Rules and norms with necessary approvals from Maharashtra Pollution Control Board.		Date: 21/11/2025
14	WASTE MANAGEMENT	Adequate drinking water and sanitary facilities should be provided for construction workers at the site. Provision should be made for mobile toilets. The safe disposal of wastewater and solid wastes generated! during the construction phase should be ensured.
PPs Submission: Complied Adequate drinking water and sanitary facilities have been provided to the few construction workers present on the site.		Date: 21/11/2025
15	WASTE MANAGEMENT	Disposal of muck, Construction spoils, including bituminous material during construction phase should not create any adverse effect on the neighbouring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in the approved sites with the approval of competent authority.
PPs Submission: Agreed to Comply Construction waste (muck) generated will be partly re-used reused on site for back filing i.e (5000cum) once the construction is in full bloom, remaining (5000cum) shall be disposed to authorized landfill site as per MCGM permission.		Date: 02/12/2025
16	WATER QUALITY MONITORING AND PRESERVATION	Water demand during construction should be reduced by use of pre-mixed concrete, curing agents and other best practices.
PPs Submission: Agreed to Comply Agreed to Comply Yes, pre-mixed concrete, curing agent and other best practices referred. Regular practice is carried out for use of ready-mix concrete to reduce water demand.		Date: 21/11/2025
17	GREENBELT	All the topsoil excavated during construction activities should be stored for use in horticulture/landscape development within the project site.
PPs Submission: Agreed to Comply Top soil excavated during construction activities has been stored and shall be re-used for landscape development within the project.		Date: 21/11/2025
18	WASTE MANAGEMENT	a) The installation of the Sewage Treatment Plant (STP) should be certified by an independent expert and a report in this regard should be subnitted to the MPCB and Environment department before the project is commissioned for operation. Treated effluent emanating from STP shall be recycled/ reused to the maximum extent possible. Treatment of 100 percent grey water by decentralized treatment

		should be done. Necessary measures should be made to mitigate the odour problem from STP. b) PP to give 100 percent treatment to sewage /Liquid waste and explore the possibility to recycle at least 50 percent of water, Local authority should ensure this.
PPs Submission: Agreed to Comply 1 no of STP total capacities of 648 KL based on MBBR Technology, will be provided for treatment of sewage water. Treated water will be re-used for flushing and gardening in existing premises. Sewage treatment plant will be designed and installed by expertise.		Date: 21/11/2025
19	WATER QUALITY MONITORING AND PRESERVATION	Soil and ground water samples-ill be tested to ascertain that there is no threat to ground water quality by leaching of heavy metals and other toxic contaminants.
PPs Submission: Agreed to Comply Soil testing has been carried out. Soil monitoring report is enclosed. Ground water is not excavated for this project please refer Annexure IX for Soil Analysis Report.		Date: 02/12/2025
20	Risk Mitigation and Disaster Management	Vehicles hired for transportation of Raw material shall strictly comply the emission norms prescribed by Ministry of Road Transport and Highways Department. The vehicle shall be adequately covered to avoid spillage/leakages.
PPs Submission: Complied Vehicles hired for bringing construction material at site will be in good condition and have valid pollution under check (PUC) certificate and conform to applicable air and noise emission standards and will be operated only during non-peak hours.		Date: 21/11/2025
21	Noise Monitoring & Prevention	Ambient noise levels should conform to residential standards both during day and night. Incremental pollution loads on the ambient air and noise quality should be closely monitored during construction phase. Adequate measures should be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB/MPCB.
PPs Submission: Agreed to Comply Ambient noise levels are maintained well within residential standards. Please refer monitoring report for Noise. Monitoring report is enclosed as Annexure-II. Adequate measures are taken to reduce ambient air and noise level to confirm to stipulated standards by CPCB/MPCB.		Date: 02/12/2025
22	MISCELLANEOUS	Additional soil for levelling of the proposed site shall be generated within the sites (to the extent possible) so that natural drainage system of the area is protected and improved.
PPs Submission: Agreed to Comply Excavation material shall be reused on site for backfilling and site leveling and remaining shall be disposed to authorized landfill site.		Date: 21/11/2025
23	Risk Mitigation and Disaster Management	The diesel generator sets to be used during construction phase should be low sulphur diesel type and should conform to Environments (Protection) Rules prescribed for air and noise emission standards.
PPs Submission: Agreed to Comply DG Sets used are according to CPCB and Environment protection act and those are low Sulphur diesel type. 2 DG sets of capacity 725kVA each shall be used as emergency back-up during operation phase.		Date: 21/11/2025
24	Statutory compliance	PP to strictly adhere to all the conditions mentioned in Maharashtra (Urban Areas) Protection and Preservation of Trees Act, 1975 as

		amended during the validity of Environment Clearance.
<p>PPs Submission: Agreed to Comply Yes, we affirm that we will adhere to all the conditions mentioned in Maharashtra (Urban Areas) Protection and Preservation of Tree Act, 1975 as amended during the validity of Environment Clearance.</p>		<p>Date: 21/11/2025</p>
25	WASTE MANAGEMENT	E-waste shall be disposed through Authorized vendor as per E-waste (Management and Handling) Rules, 2016. .
<p>PPs Submission: Agreed to Comply Currently, there is no generation of E- Waste, generated if any will be disposed of as per E- Waste Rule 2016</p>		<p>Date: 21/11/2025</p>
26	Risk Mitigation and Disaster Management	Diesel power generating sets proposed as source of backup power for elevators and common area illumination during construction phase should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use low sulphur diesel is preferred. The location of the DG sets may be decided with in consultation with Maharashtra Pollution Control Board:
<p>PPs Submission: Agreed to Comply Yes, the DG sets are operated only during power failure and are provided with enclosure for Operational phase. 2 DG sets of capacity 725kVA each shall be used as emergency back-up during operation phase.</p>		<p>Date: 02/12/2025</p>
27	ENERGY PRESERVATION MEASURES	PP to provide adequate electric charging points for electric vehicles (EVs).
<p>PPs Submission: Agreed to Comply We have proposed to provide E charging facility of 189 nos. in the parking area.</p>		<p>Date: 02/12/2025</p>
28	MISCELLANEOUS	A separate environment management cell with qualified staff shall be set up for implementation of the stipulated environmental safeguards.
<p>PPs Submission: Complied A separate environment management cell has been established under project head. Environmental quality is being monitored through external MoEF and CC approved laboratory.</p>		<p>Date: 21/11/2025</p>
29	Statutory compliance	Under the provisions of Environment (Protection) Act, 1986, legal action shall be initiated against the project proponent if it was found that construction of the project has been started without obtaining environmental clearance.
<p>PPs Submission: Complied Yes, we obtained environmental clearance prior to start of construction. Copy of the environmental clearance enclosed as Annexure - I.</p>		<p>Date: 02/12/2025</p>
30	WASTE MANAGEMENT	a) The solid waste generated should be properly collected and segregated b) Wet waste should be treated by Organic Waste Converter and treated waste (manure) should be utilized in the existing premises for gardening. And, no wet garbage will be disposed outside the premises. c) Dry/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material.

<p>PPs Submission: Agreed to Comply Proper segregation of biodegradable and Non-biodegradable waste during operation phase. Biodegradable waste will be treated in organic waste converter. Non-biodegradable waste will handover to authorized recycler. Treated waste (manure) will be utilized in the existing premises for gardening. Provision of adequate space for solid waste management. Waste generation: Dry Waste: 1243 Kg/day Wet Waste: 825 Kg/day Dry waste will be disposed by authorised agency /recycler. Wet waste will be processed in the Organic Waste Converter and manure generated shall be used for gardening purposes. Capacity of OWC: 900 kg/day</p>		<p>Date: 21/11/2025</p>
31	MISCELLANEOUS	<p>The project management shall advertise at least in two local newspapers widely circulated in the region around the project, one of which shall be in the Marathi language of the local concerned within seven days of issue of this letter, informing that the project has been accorded environmental clearance and copies of clearance letter are available with the Maharashtra Pollution Control Board and may also be seen at Website at parivesh.nic.in</p>
<p>PPs Submission: Agreed to Comply After getting Environmental clearance from SEIAA, Govt. of India vide EC no. SIA/MH/INFRA2/466144/2024, dated: 12/11/2024 we published public notice in two local newspaper Navshakti (Marathi) and The Free Press Journal (English) Please refer Annexure- X for Advertisement copy.</p>		<p>Date: 02/12/2025</p>
32	MISCELLANEOUS	<p>A copy of the clearance letter shall be sent by proponent to the concerned Municipal Corporation and the local NGO, if any, from whom suggestions/representations, if any, were received while processing the proposal. The clearance letter shall also be put on the website of the Company by the proponent.</p>
<p>PPs Submission: Complied Environmental clearance copy submitted to DDR/SRA.</p>		<p>Date: 21/11/2025</p>
33	MISCELLANEOUS	<p>The proponent shall upload the status of compliance of the stipulated EC conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB. The criteria pollutant levels namely; SPM, RSPM. SO₂, NO_x (ambient levels as well as stack emissions) or critical sector parameters, indicated for the project shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.</p>
<p>PPs Submission: Agreed to Comply All prescribed parameters are monitored regularly. Post monitoring report is enclosed as Annexure - II. It will be simultaneously being sent to the Regional Office of MoEF, the respective zonal office of CPCB and the SPCB.</p>		<p>Date: 02/12/2025</p>
34	Statutory compliance	<p>If applicable Consent for Establishment" shall be obtained from Maharashtra Pollution Control Board under Air and Water Act and a copy shall be submitted to the Environment department before start of any construction work at the site.</p>
<p>PPs Submission: Agreed to Comply Yes, we have granted consent to Establish from MPCB vide No. Format1.0/CC/UAN No.0000214800/CE/2410001986 Date 21.10.2024. CTE application has been done to MPCB. Attached as Annexure-XI.</p>		<p>Date: 02/12/2025</p>
35	MISCELLANEOUS	<p>Regular supervision of the above and other measures for monitoring should be in place all through the construction phase, so as to avoid disturbance to the surroundings by a separate environment cell</p>

		/designated person
PPs Submission: Agreed to Comply Regular supervision of the above measures is being monitored by Project Manager.		Date: 21/11/2025
36	WASTE MANAGEMENT	Project proponent shall ensure completion of STP, MSW disposal facility, green belt development prior to occupation of the buildings. As agreed during the SEIAA meeting, PP to explore possibility of utilizing excess treated water in the adjacent area for gardening before discharging it into sewer line No physical occupation or allotment will be given unless all above said environmental infrastructure is installed and made functional including water requirement.
PPs Submission: Agreed to Comply Yes, all the facilities such as STP, OWC, green belt development will be carried out prior to obtaining Occupation Certificate.		Date: 21/11/2025
37	MISCELLANEOUS	Separate funds shall be allocated for implementation of environmental protection measures/EMP along with item-wise breaks-up. These cost shall be included as part of the project cost. The funds earmarked for the environment protection measures shall not be diverted for other purposes.
PPs Submission: Agreed to Comply Separate funds have been allocated for Implementation of Environmental Protection Measures; During construction phase; Rs. 1137.95 Lakhs have been allocated for the entire construction period. During operation phase; Capital cost: Rs. 5186.66 Lakhs and O M: Rs. 116.09 Lakhs per Annum.		Date: 21/11/2025
38	MISCELLANEOUS	The Occupancy Certificate shall be issued by the Local Planning Authority to the project only after ensuring sustained availability of drinking water, connectivity of sewer line to the project site and proper disposal of treated water as per environmental norms
PPs Submission: Agreed to Comply Noted, The Occupancy Certificate will be issued by the Local Planning Authority to the project only after ensuring sustained availability of drinking water, connectivity of sewer line to the project site and proper disposal of treated water as per environmental norms.		Date: 21/11/2025
39	MISCELLANEOUS	Traffic congestion near the entry and exit points from the roads adjoining the proposed project site must be avoided. Parking should be fully internalized and no public space should be utilized.
PPs Submission: Agreed to Comply Public road and public areas are not being used for project activity purpose and are free for smooth traffic movement. Provision is made for adequate parking facilities within the project site for construction vehicles. Provision of Interna road with adequate width. The traffic congestion will be avoided by proper parking arrangement and maintaining smooth traffic flow.		Date: 21/11/2025
40	GREENBELT	Green Belt Development shall be carried out considering CPCB guidelines including selection of plant species and in consultation with the local DFO/Agriculture Dept.
PPs Submission: Agreed to Comply Green belt will be developed over an area of 8519.92 Sq. meters on ground including Miyawaki plantation to mitigate excess air and noise levels		Date: 02/12/2025
41	Statutory compliance	PP has to strictly abide by the conditions stipulated by SEAC and SEIAA.

PPs Submission: Agreed to Comply Noted. Yes. All conditions mentioned by SEAC and SEIAA will be followed throughout construction and operation phase.		Date: 21/11/2025
42	Statutory compliance	The environmental statement for each financial year ending 31st March in Form-V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of EC conditions and shall also be sent to the respective Regional Offices of MoEF by e-mail.
PPs Submission: Agreed to Comply Agreed to Comply		Date: 21/11/2025
43	Statutory compliance	The project proponent shall also submit six monthly reports on the status of compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB.
PPs Submission: Agreed to Comply A complete set of all the documents will be submitted to the MPCB regularly.		Date: 21/11/2025
44	Statutory compliance	No further Expansion or modifications, other than mentioned in the EIA Notification, 2006 and its amendments, shall be carried out without prior approval of the SEIAA In case of deviations or alterations in the project proposal from those submitted to SEIAA for clearance, a fresh reference shall be made to the SEIAA as applicable to assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.
PPs Submission: Agreed to Comply Agreed to Comply		Date: 21/11/2025
45	MISCELLANEOUS	This environmental clearance is issued subject to obtaining NOC from Forestry and Wild life angle including clearance from the standing committee of the National Board for Wild life as if applicable and this environment clearance does not necessarily implies that Forestry and Wild life clearance granted to the project which will be considered separately on merit. department or for that matter, for any other administrative reason
PPs Submission: Not Complied Not applicable, as the project does not have any diversion of forest land		Date: 21/11/2025
46	Human Health Environment	Adequate drinking water and sanitary facilities should be provided for construction workers at the site. Provision should be made for mobile toilets. The safe disposal of wastewater and solid wastes generated! during the construction phase should be ensured.
PPs Submission: Agreed to Comply Adequate drinking water and sanitary facilities have been provided to the few construction workers present on the site.		Date: 02/12/2025
